Student Parking Guidelines for 2020-2021 – updated June 28, 2020

Due to Covid-19 and adapted guidelines, we have revised our parking policy and procedures for 2020-2021. Please read carefully. Policies might be adjusted as needed be due to Covid-19 at any time.

- 28 decals will be sold at $160 each. 100% of the money collected will benefit One Mission Students.
- You will have a guaranteed parking spot.
- You will have the opportunity to request your parking lane pal after the application process has been completed. Together, you will be assigned a specific lane for the entire year.
- You will be asked to give a spare key to your lane pal by August 19th so that person will be able to move your car if you park behind them. Keys will not be left on the hooks and other students will not be able to move your car. (Valet keys can be made at the dealership at a cheaper rate than your normal key.)
- The ramp will be left open at all times to allow you a place to park while you move cars out of your lane.
- Hosts will park in the back at all times.
- Leadership Team will be able to apply for parking beginning July 24 and the application will be posted online for the general BCM public on July 31 at 10am.
- Parking applications must be approved before payment can be submitted. Completed applications do not automatically equal approval. Payment must be submitted online 24 hours after approval or the student will forfeit parking and we'll notify the next person on the waiting list.
- The expectation for application is that you were actively involved in 2019-2020 in at least one of our ongoing ministries, and that will remain in effect for 2020-2021.
- Students graduating, transferring, studying abroad, or participating in a co-op starting in January 2021 will be able to request partial refund in December.
- BCM decals are not transferrable to others.
- BCM will not be responsible for damage or theft of anything left inside of your car.
- You will not be able to leave your car parked overnight without prior approval from a campus minister.
- Your car will need to be removed from the parking lot by 6pm on the eve of game day in order to prepare the parking lot for game day decal holders.
- Decal holders and staff (including hosts) will monitor the lot and issue warnings/wheel lock in the event of violation.
